

# THE MENU OF WINES & DRINKS

## **Two Years of Encounters and High Standards**

Our wine list is the result of two years of meticulous work. We have chosen to work primarily directly with passionate winemakers. We have traveled the vineyards to meet winemakers selected for the quality of their work, the diversity of their aromatic profiles, and their ability to enhance our dishes.

Each bottle is the result of careful tasting and thoughtful selection, to offer you an experience where wine and cuisine become one.

## **An Evolving Selection**

Our wine list is not static. It is enriched through encounters and vintages, to surprise you and take you on a journey. Whether you are an amateur or a connoisseur, our team will be happy to guide you toward discoveries that will perfectly complement your dishes and moments.

**Because wine, like cuisine, is a matter of sharing and emotion.**
